# 1961

Etching by Herb Thomson

With the passing of time, the familiar memories and echoes of our school life will go fainter and fainter, and then die away, as we face each new tomorrow we have before us. Gone forever will be the happy, everyday things that make up high school life, the fun we had, and the friends we made. It is the sincere hope of the Mount Massive Sentinel Staff that as you glance through this book in the many years to come, those moments will be recaptured.

1961

## DEDICATION

The annual staff of 1961 proudly dedicate this annual to OUR PARENTS. We are fully aware of the love, patience, and long-suffering it has taken to bring us this far in our lives. Without your faith and backing we would never have arrived here. We thank you from the bottom of our hearts and hope we will always be a credit to you.

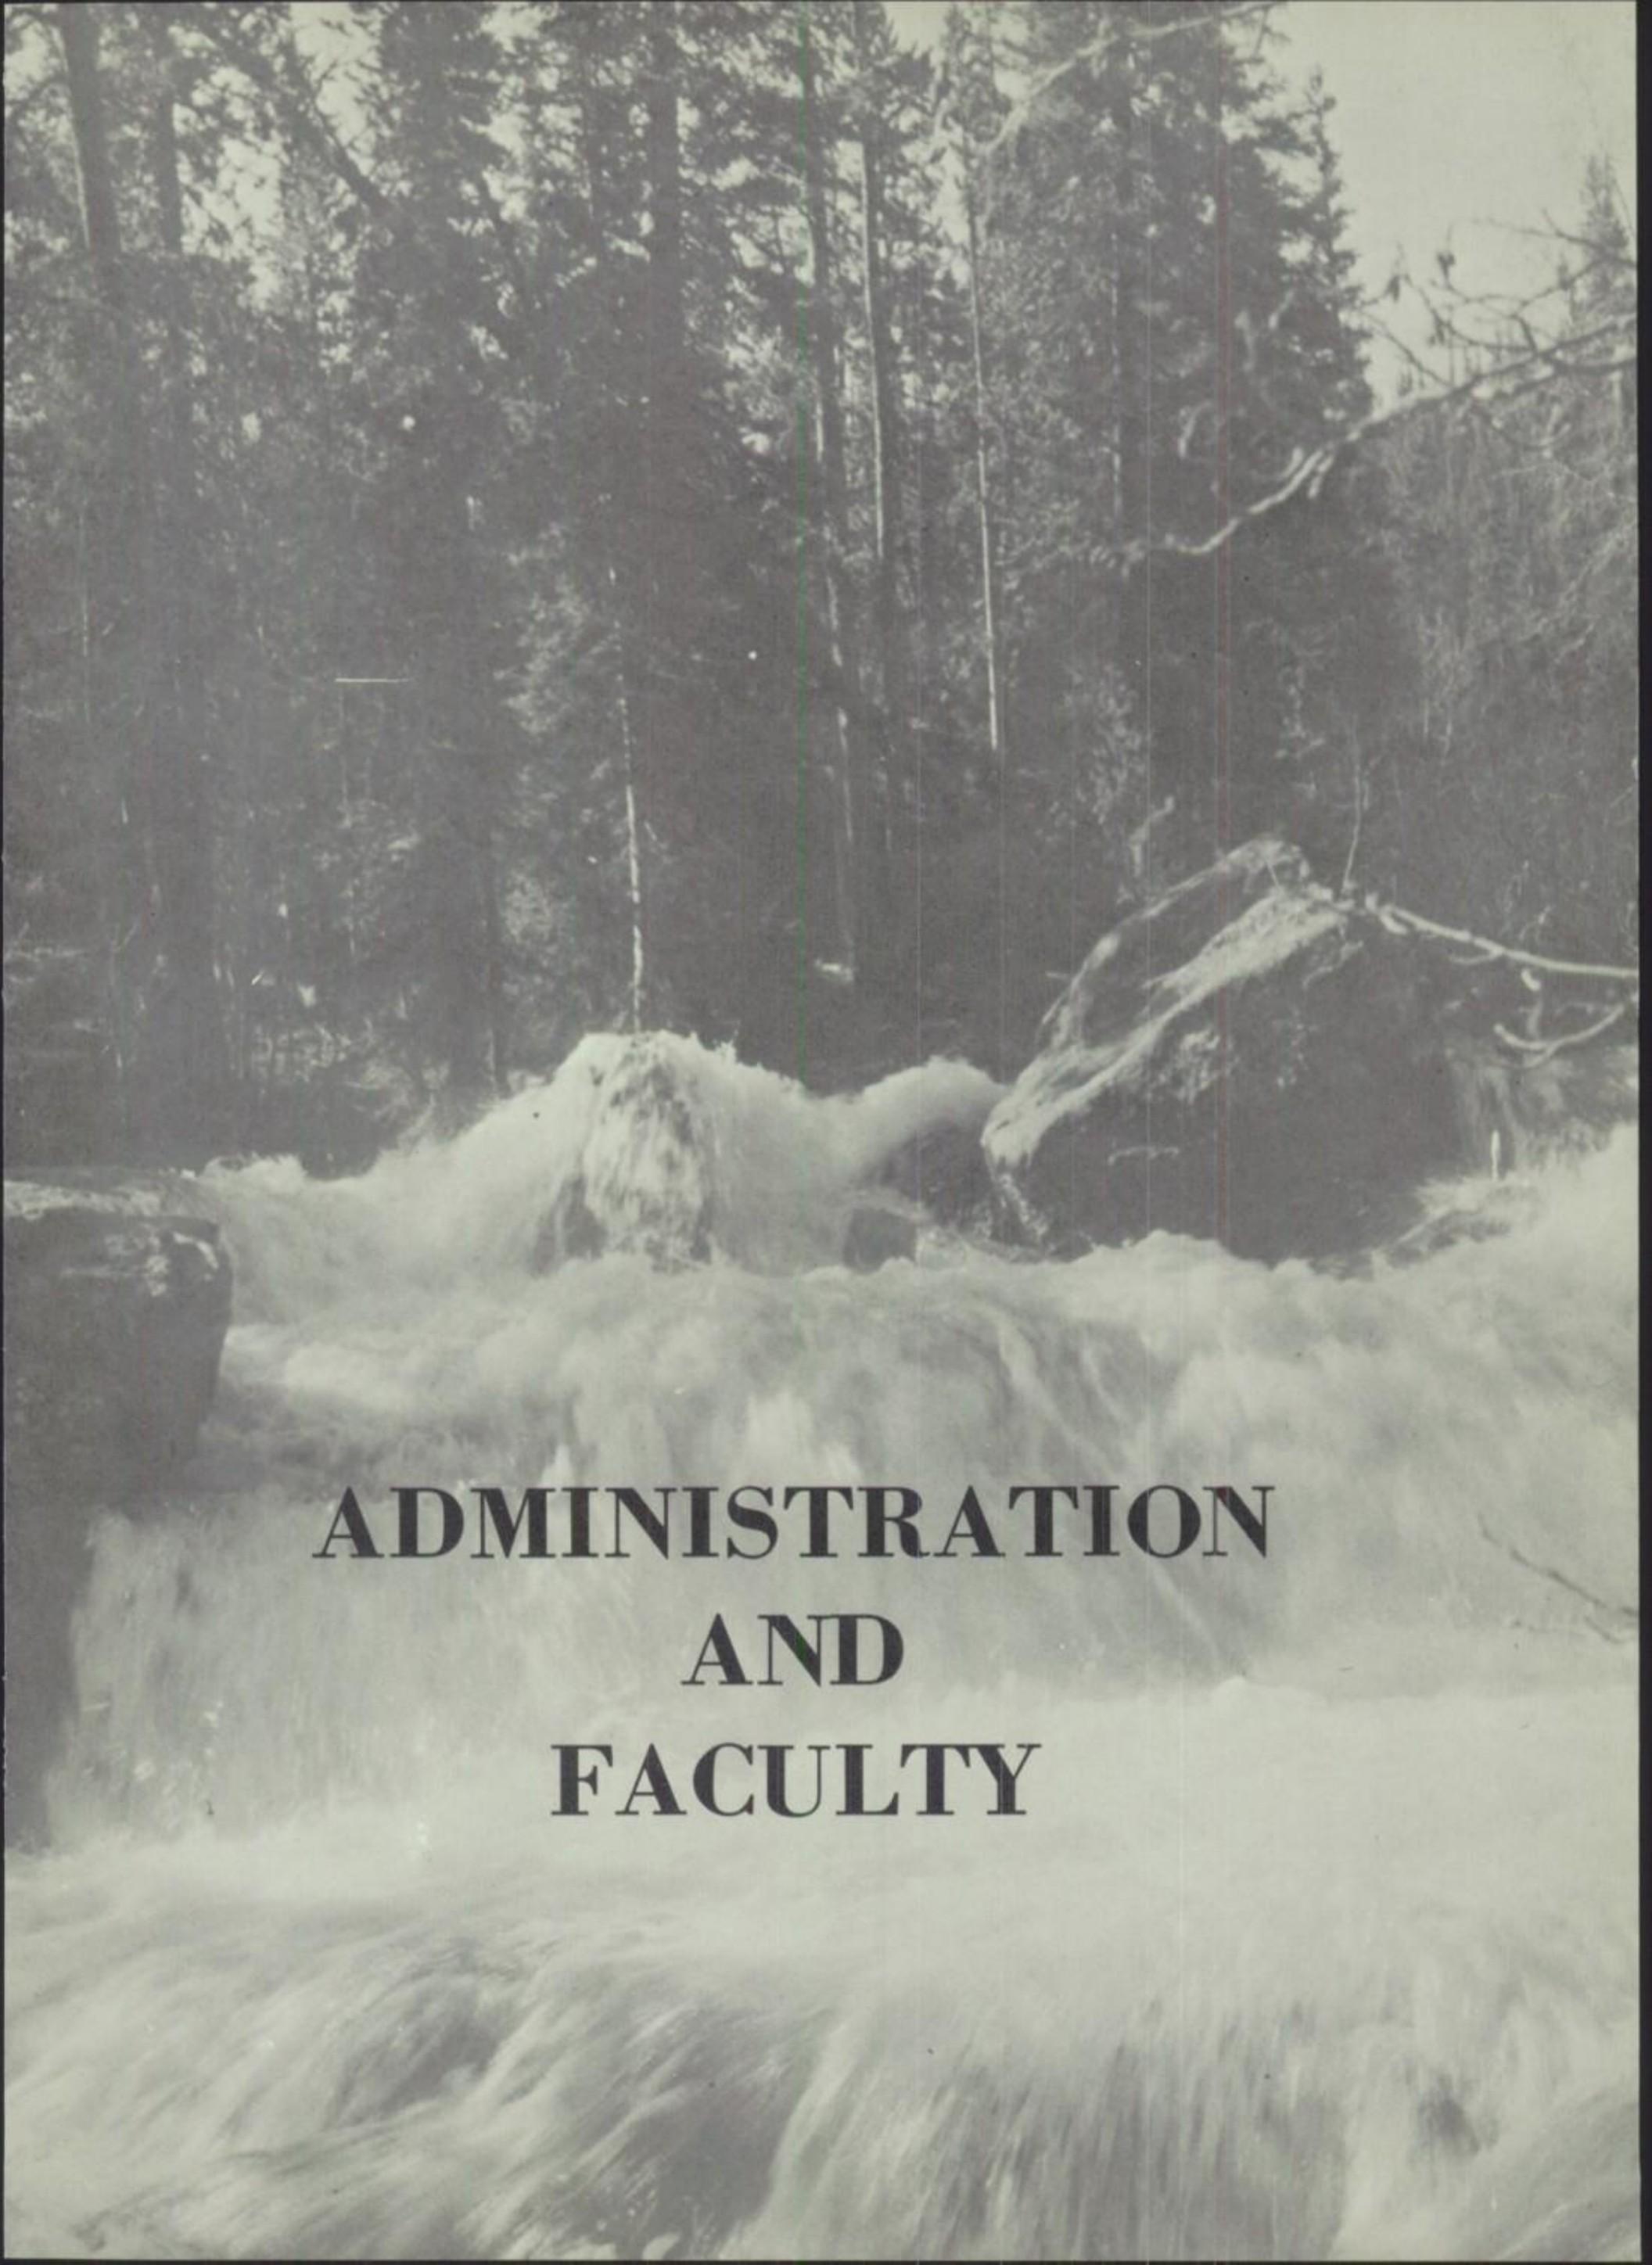

In these divided times, an international spirit of peace is our key to survival.

The spirit of our nation shows the devotion of the American people to those principles for which we stand.

We are students of a new foundation upon which the future of our own lives and those of our fellow Americans is being built; but this foundation is only as solid as the spirit of cooperation, brotherhood, and progress reinforcing it. We have a great school and a great nation; and if we believe in, and work together for progress in this spirit, our accomplishments will soar as lofty as the highest snow-capped peak.

# SCHOOL SPIRIT!

We want to thank the three school janitors for all the work they've done. Don, we want to thank you for all the work you've done for us in the Home Economics and Shop sections of the Junior High School building. Fred, thanks for keeping everything clean for us in the High School. Frank, thanks for all the work you've done for us at the gym. We know that sometimes you don't think we appreciate your work in our buildings, but we do!

"To be or not to be."

RICHARD CRAMER  
"Money isn't everything, but it's way ahead of whatever is in second place."

LEE FELKNER  
"Never say 'never', because you will end up in a jam."

# WILL

I, VIRGENE ANDERSON, leave my long red hair to Geraldine Maestas; now you won't have to dye yours.  
I, ROBERTA APPLEGATE, will my ability to run to school in two minutes to Cynthia Ballard.  
I, ROWLAN ARMBRUSTER, will "Pillow Talk" to Johnny and Mary Lou. Be good kids!  
I, ROBBY BALLENTINE, leave my sheep-herding ability to Gary Wisecup. Don't forget the clothes pin, Gary.  
I, SHARON BARNARD, leave my ability to lose boy friends to anyone who wants it.  
I, ROBERT BELL, leave my ability to get jeeps stuck to Robert Kern.  
I, KAY BURGER, will my ability to curl my hair to Don Smith. Now you won't have to put it up every night.  
I, BEVERLY BURK, leave my goofeyness to Dave Cocke. Now they'll really think you are nuts.  
I, ILANA CALL, will my bull-headedness and nasty sense of humor to Grace Jiminez to use whenever you need it.  
I, GERALD CERISE, will my ability to be a good boy to Gary Travis.  
I, VIRGINIA CHILEEN, leave to Roger Hoffman my ability to behave on the bus. Please make good use of it.  
I, RICHARD CRAMER, leave my ability to skip school and not get caught to any Junior that wants it.  
I, ALAN DAVIDSON, leave my ability to drive right side up to John Harrington.  
I, ROSE MARIE DONOVAN, leave my quiet ways to Evelyn Prier.  
I, LYNNE DOUGHERTY, leave to Doug Boyd my quiet disposition.  
I, DON EVANS, will my Plymouth to Miss McMahon. Now you won't have to use your Buick.  
I, CAROLYN FAIRCHILD, leave to Roger Hoffman my ability to be nice to people. Take heed, Roger.  
I, LEE FELKNER, leave--Gladly!  
I, CHARLES GAILEGOS, leave my ability in shop to any deserving Junior.  
I, HARVEY HERRMAN, leave my locker to anyone who wants it.  
I, JERRY HILLYER, will my ability in English to Deedie Rosenfelder.  
I, MARJIE HODSON, leave these books, this school, and these teachers.  
I, LARRY HUMPHREYS, will my scientific brain to the Science Department.  
I, JOYCE JACKSON, leave my piano playing to anyone that doesn't want to go far.  
I, JOHNNY JONES, leave my ability to goof up in basketball to Ron Bryan. Now I won't be the only one.  
I, BEVERLEY LUTZ, leave my chair in the office to Dee Petty.  
I, GILBERT MALMGREN, will to Doug Richardson, "Five Minutes to History Wizardry."  
I, BILLIE MASON, will to Dorothy McNeal all the food I've made in Home Ec.  
I, WILLIAM McCONNELL, will my typing to anyone. Someone please take it!  
I, SHARON McGOWAN, will my car to Paige Meredith.  
I, MARY McGuIRE, will my skill to be blamed for everything to Linda Hodson.  
I, JOAN MOTZER, will my ability to flirt to any Junior girl that wants it.  
I, PAULINE MUNIZ, will my laughing ability to Betty Gurule.

# 1961

I, BEVERLY NELSON, leave to Susan Dougherty the ability not to stick her foot in her mouth. I find it hard to talk that way.

I, ROXANNE NELSON, leave my ability to get along with boys to Jennifer Kness.

I, RICKY O'LEARY, leave my smile to Dave Salberg--use it at least once.

I, BEATRICE PACHECO, leave all my wonderful times to Juanitya Montoya.

I, JIM PAULSEN, will my red hair to Dee Petty. Now you have something you never had before.

I, WALTER PARMELE, leave my brain to any deserving Junior.

I, VIOLA PULOS, leave my title "Burro Race Queen" to Kathy Beck. I hope the crown fits.

I, ROSANN PETEY, leave to Susan Dougherty the ability to take small things and get away with it.

I, ROGER PHIPPS, will to Russell Chapman my good looks.

I, ANITA ROBISON, leave to Kathy Beck my ability to sit by the phone at night. May you get more calls than I did.

I, RAY ROBINSON, will my bent ski poles to Ernie Baumann. Now you won't have to bend a new pair.

I, KATHY ROLL, leave my constant cheerful talking to Edward Slifka. Now you can manage a cheerful good morning.

I, RAMONA ROMERO, leave this school, I hope.

I, DARLENE RONEY, leave my A's in Latin to Carol Brink.

I, SHEILA ROSE, leave my natural blonde hair to Deedie Rosenfelder. It's a lot less expensive.

I, JAMES ROSS, leave to Ann Jackson my love. Keep it in your hope chest.

I, DIANA SHUBKAGEL, will my hose to Terry Osborne. Now you can spray every car that goes by.

I, RON SMITH, leave to Don McCarty all the girls of Leadville High.

I, GARY SMITH, leave my curly hair to Robert Kern, so you'll be better looking, Bob.

I, VINCENT STAPLETON, leave to Ruthie Williams my wise sayings. Now you don't have to pretend that you got them from me.

I, DENNY STOUT, leave my '37 and '41 DeSotos to Mr. Kutzleb for spare parts.

I, GLENN TRAVIS, leave my cute sayings to anyone who can understand them.

I, PHYLLIS TREVETHAN, leave my ability to assist in the Library to Kenny Hessinger.

I, KATHY WADSWORTH, leave to Bobby Jones my ability to get to class on time.

I, JACK WALTON, will my grades to anyone that wants them.

I, BARBARA WILLIAMS, will to Kay Lynes my ability to get into messes. I don't need it. It comes natural.

I, JIM WILLIS, leave, if I possibly can.

I, CAROL ZAMPEDRI, leave to Max Buck my job as Secretary-Treasurer of Student Council, since you can read and write if you have to.

I, JESSE WILSON, leave my red hair to Loyd Singley--crazy man!

## **CLASS SONG**

(By Joyce Jackson and Ilana Call)

Tune: THANKS FOR THE MEMORY

Thanks for the memories  
Of picnics at the park, dancing in the dark,  
The skiing and the basketball, the Junior Play, and all,  
How lovely it was.

Thanks for the memories  
Of snow upon the walk, as we stood to talk,  
The Senior Fair and Junior Prom; we did enjoy them all.  
How lovely it was.

Many good times we have had here,  
And many good times we'll remember  
But all of a sudden it's over,  
We did have fun and no harm done.

And thanks for the memories  
Of Commencement Day in June; we'll be leaving soon,  
And now we do remember all our dreams that have come true,  
So thank you so much.

**CLASS COLORS:** Rose and White

**CLASS MOTTO:**

Our past behind, Our future ahead, Our hopes within.

**CLASS FLOWER:** American Beauty Rose

**CLASS POEM**

(By Viola Pulos and Phyllis Trevethan

As I travel along life's highway  
And feel the years drift by,  
I'll remember the lessons I've learned  
At dear old Leadville High.

God's gift in the years ahead  
You taught me day by day.  
My destiny moulded by your hands  
Will guide me in what I do and say.

When I reach the end of the trail  
You will be there at my side,  
Guiding my faltering footsteps  
As I cross o'er the great divide.

# CLASS HISTORY

In 1957, eighteen Freshmen entered Max Schott High School to begin their last four, fun-and-work-filled years. The class had Mr. Hubert Snyder and Mr. Don Larsh for sponsors. To head the class, Robert Henderson was elected to the office of President; Terry Beaver, Vice-President; and Billy Burgess, Secretary-Treasurer. The class sponsored the "Back to school" Dance in the Freshman and Sophomore years.

In the year 1958, thirteen Sophomores were enrolled in Max Schott High. It didn't take us long to get our schedules worked out and start feeling that we really belonged. Our first big undertaking was to elect class officers. Robert Henderson was elected President again; Donna Eisenach, Vice-President; Darlene Chaney, Secretary-Treasurer; and Kathy Wadsworth, Student Council Representative. Our sponsors were Mr. Don Larsh and Mr. Robert Wirsing.

In September 1959, thirteen Juniors were enrolled. We felt more at home now; we were a real part of the school activities that we had dreamed of as lowly Freshmen and Sophomores. Under the leadership of Gordon Woods, President; Ernest Marrs, Vice-President; Jesse Wilson, Secretary-Treasurer, and Barbara Williams, Student Council Representative; we began working on the activities we would sponsor during the year. Our sponsors were Mr. Don Larsh and Mr. Charles Akard.

The class ordered class rings in November, and they arrived in March. All Juniors proudly showed them off, for about two months until everyone had seen them. Then we started getting used to the idea of having them.

In January the class chose a Beatnik Dance to be the small activity of the year. All students came dressed as beatniks and had a wonderful time in the "Pad" which was decorated especially for the occasion.

After the Beatnik Dance, we immediately began work on the Junior-Senior Banquet and Prom. "Stairway to the Stars" was chosen as the theme for our biggest undertaking of the year. We all hoped that it would be the most successful ever held at Max Schott because it would be the last. On the day of the prom the stairway didn't look just right, so it was disposed of. But, everyone had a wonderful time dining by candlelight and dancing under the thousands of glittering stars. The royalty for the big event was Ronald Phelps, King; and Mary Ann Serna, Queen. This memorable occasion, ended three most wonderful high school years for the Juniors at Max Schott.

When it was announced that the schools had been consolidated and that we would be attending Leadville High School, there were moans and groans from all sides, even Leadville, I suppose. But, I think it has worked out very successfully for everyone after all. For the past nine months, we have been working with the Seniors of Leadville High and proudly consider ourselves as a part of the graduating class of Leadville High School. We have enjoyed all of the activities we have taken part in, and are looking forward to the day when we will be receiving our diplomas from Leadville High School with hopes for the future success we have dreamed of for so long.

# 1961

On September 5, 1958, sixty-six sophomores entered Leadville High to begin their last three years of education. Our sponsor was, Mrs. Sadar, and to assist her we chose Gilbert Malmgren, President; Carol Zampedri, Vice-President; Jerry Cerise, Secretary; Beverley Lutz, Treasurer; Sheila Rose, Reporter; Kathy Roll, Historian; and Ricky O'Leary and Joan Motzer, Student Council Representatives.

The highlight of the Sophomore year was an all-school party given by us for the entire school.

As Juniors, our sponsors were Miss Madeline Gipe and Mr. Michael Hensley. Our class officers were: Carol Zampedri, President; Don Evans, Vice-President; Jerry Cerise, Secretary; Beverley Lutz, Treasurer; Joan Motzer, Historian; Ricky O'Leary and Kay Burger, Student Council Representatives.

One of our activities was our class party put on for the entire school by the Juniors. Our first major activity was our class play. This was presented on December 4 and 5. The name of the play was "In 25 Words--Or Death." Our whole class worked very hard on the play and it turned out a big success.

Shortly after our play, we had another major activity. We chose our class rings and they arrived on January 12. Before we knew it, Spring was here and it was time for us to play hosts to the Seniors at the Junior-Senior Banquet and Prom. For our theme, we chose "Pink Champaigne," the gym was decorated appropriately; and the prom was a big success. This was the climax of a very exciting and intriguing year.

On September 5, 1960, sixty-seven seniors entered Leadville High for their last year. For class sponsors we had, Mr. Arthur Rosenfelder and Mr. Donald Bartell. We chose as class officers, Gilbert Malmgren, President; Beverley Lutz, Vice-President; Barbara Williams, Secretary; Sharon McGowan Treasurer; Darlene Roney and Katherine Wadsworth, Co-Historians; Don Evans, Reporter, Joan Motzer and Jesse Wilson, Student Council Representatives. Our first activity was the all-school party held on September 30. We then began our plans for the Senior Fair to be held on November 4 and 5. "Dogpatch U.S.A." was chosen as the theme of the fair and the fair was declared the biggest success ever.

On November 18, the class was very excited as we took our first step toward graduation by ordering our announcements and caps and gowns.

On February 17, the class had a Dinner-Dance for the Seniors. April 21 was Skip Day and May 12 was Trip Day. Both were days of fun for all who participated. May 25, is a very important day in the memory of all the Seniors, for it is Class Day.

As we look around the school we feel sadness in our hearts, for we are reaching the end of our wonderful high school years. There will be no turning back after Baccalaureate on Sunday, May 28; and on May 31, comes the biggest day of all, Graduation.

The Commencement Dance will be the last school function that we will attend as students of L. H. S. On May 31, we will officially become graduates of L.H.S. with "Our Past Behind, Our Future Ahead, Our Hopes Within," ending three most wonderful years.

## DON EVANS

### OUR KEY TO SUCCESS

Inventions are man's way of changing culture. How do inventions come about? History frequently leads us to believe that invention is the product of one idea and of one individual, for credit is usually given to one person and assigned to one specific date. Invention is not the product of one mind but the product of several previous inventions and of the collection of many ideas.

Take the steam engine as an example. Watt is usually given credit for inventing the crude device because he brought it to the point where it was usable. Long before Watt's time, however, men, such as Hero and Newcomen, made discoveries in the field of steam. All of these discoveries led to the steam engine which Watt had only improved.

This invention, as all other inventions, was brought about by two causes. These causes are necessity and an individual who is not satisfied with the present system. He possesses individuality, not being content to sit by and watch the rest of the world progress while his own country stays at a standstill. The creator is not afraid of ridicule or of being a failure. This only makes him work twice as hard to fulfill his plans and to prove his points to the ridiculing society.

When this plan, with all of its outstanding points, is proved a success to the common people, they follow each other to enjoy the new luxury or the labor-saving device. This is not a type of society that leads to progress. We need men who are raring to make their contributions to society. We need people who say: "This is becoming a better world to live in because I have helped to make it so." No, not an egotistical person, but one who has made a step toward progress.

I'm not saying, however, that mankind should go to such extremes as to disobey the laws of our National Constitution and to excel in anything that is wrong. The excuse: "I have a mind of my own; I can do anything I want," will not work. We want progress, not crime.

Progress is the only way in which we can stay in the space race with Russia. For the United States to come to a standstill now would mean that we would soon either be living in Russia or, even if we would be so lucky to live in America, we would be guided to live and to work for the State of Russia, not our own families. Progress spurred on by the individual is our key to success.

which Salutatorian. We wish to extend our congratulations to each of these boys on their outstanding scholastic record.

## GILBERT MALMGREN

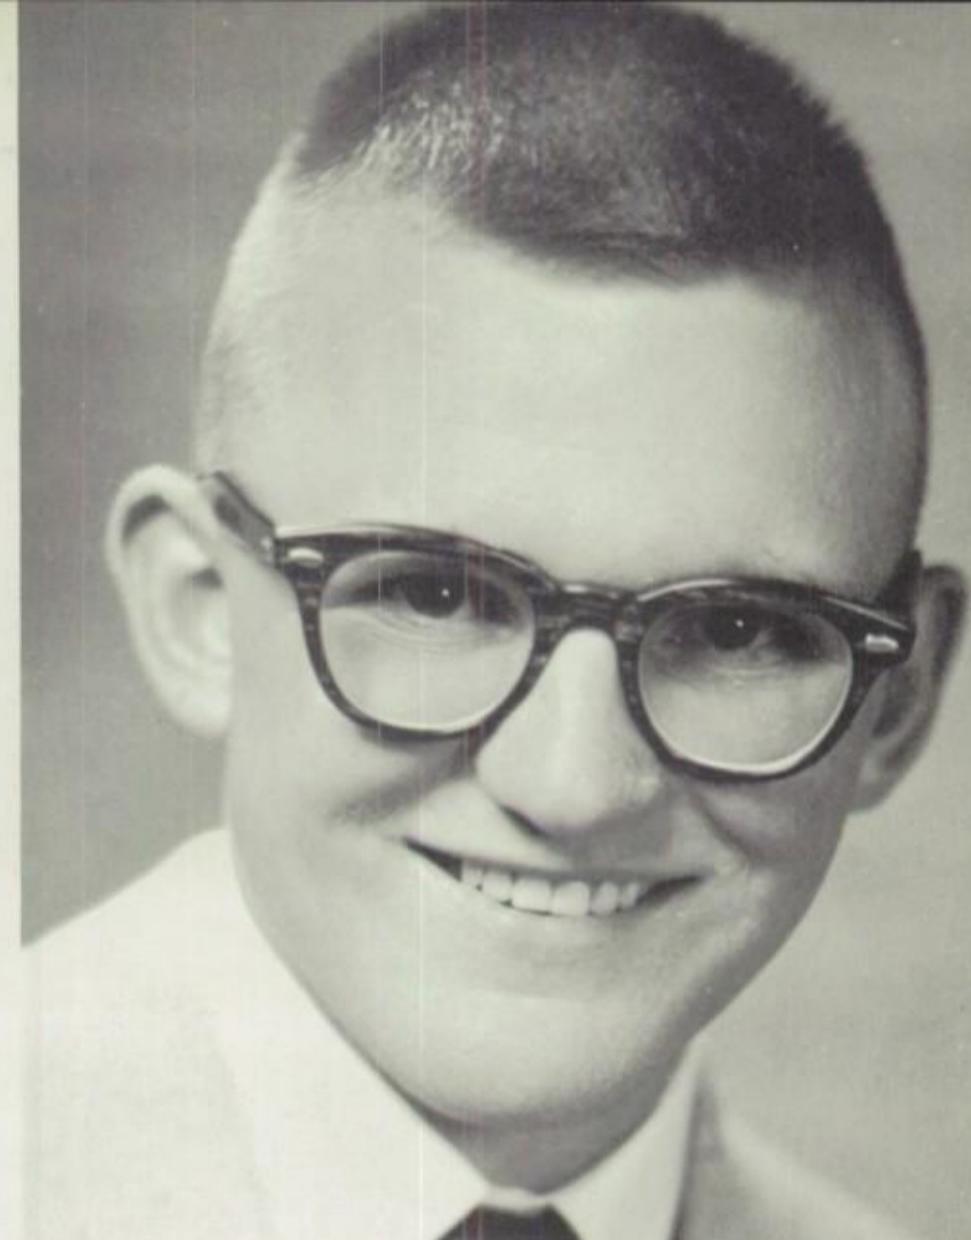

"DRIVE FORWARD--BENEFIT FROM YOUR SETBACKS"

Throughout the history of the United States its people have frequently had to face up to the failures and sometimes complete defeat which go along with the building of a strong nation. The latest of these has come about through atomic energy.

Although man began working with atomic energy and its usefulness in the middle 1800's, it has only been in the past twenty years that he has learned to control its reactions and uses. In December 1942 at the University of Chicago the first nuclear reactor was used. Stemming from this, whole factories are now being heated and their machines are being run by atomic energy. The reactor has become a key to our defense system through its use in the nuclear-powered submarines which can fire Polaris Missles. Atomic energy has largely benefited medicine by the use of the rays which are emitted during a reaction. When used properly, the rays retard the growth of cancer cells in the human body and obstruct the spread of this dreaded disease. The advances made through atomic energy are slow processes.

The advances made in industry, society, medicine, and defense through the use and development of atomic energy are the compilations of workings of many devoted men and women who kept striving for the betterment of our civilization. These people suffered many setbacks, but with each failure much was gained and learned which helped in the overall process. The attack on life's problems is very much like the attack used for scientific problems.

We can conquer the problems which confront us in everyday life if we take a scientific viewpoint and meet the problem head on. In this way we can gain much from the setbacks encountered. The tool which science used was atomic energy; the tool which we shall use is education. As they have suffered setbacks with their experiments of controlling atomic energy, we too will suffer disappointments in our drive to get the best fulfillment out of life. Nevertheless, we must not give up, we must not let apathy secure a grip on us; moreover, we must face life and turn to education for the preservation of our faiths, trusts, and American freedoms. How well prepared are you to meet the struggles which may come your way. Is your internal driving motto one of: "DRIVE FORWARD--BENEFIT FROM YOUR SETBACKS?"

Kathy Roll

Have you seen that cheery smile coming down the halls? Why, that's Kathy Roll, of course, our Most Representative Girl of 1961. Kathy is well known for her participation in all types of activities.

During her past years in school, she has taken part in JCL, Thespians, and was elected state representative when she went to Girls' State in 1960. This past year she has been editor of the Prospector after working diligently in her junior year on the paper and becoming a member of the Quill and Scroll.

Kathy has worked to the best of her ability in everything with which she has been associated. She has not only been cooperative but also fun to work with. There's never a dull moment with Kathy Roll present.

## MOST REPRESENTATIVE

Ricky O'Leary

Cheerful, witty, athletic, intelligent, and well liked--these words describe this year's Most Representative Boy, Ricky O'Leary.

We think of him as one of the better basketball Panthers; he has been a letterman for three years. Ricky has always been very active in JCL and was JCL's first Caesar in 1960. He helped shape the 1959-60 annual and was the annual business manager of 1960-61. He has helped willingly and participated wholly in all of his class projects.

When working on a project, Ricky's cheerful smile and his jokes have always been present to make the work more enjoyable for all. All the seniors say, "Ricky O'Leary, you are definitely our Most Representative Boy."

Chartered by the National Future Teachers Association, the Edward C. Elliott Chapter of the FTA was founded for the purpose of helping those interested in teaching as a career. It presents a program aimed at the individual development of each member along the lines of teacher preparation. Films, film strips, guest speakers, panel discussions, and individual reports are presented as programs. Members are permitted to visit and observe teachers and regular classes and to confer with teachers of their choice on the various fields of teaching.

The club sponsors National Education week in November and Colorado Education Week in April. It sponsors "Teaching as a Career" month in April.

This year meetings were held during the noon hour as luncheon meetings with each member bringing his own lunch.

Formal initiation was held on February 2 and parents were invited to this function.
